The Township Committee of the Township of Woodbridge, Woodbridge, New Jersey.

Gentlemen: -

At a meeting of the Board of Adjustment held on February 13, 1934, the following resolution was adopted, to wit:-

BE IT RESOLVED by the Board of Adjustment of Woodbridge Township of the State of New Jersey, that said Board hereby does recommend in writing to the Township Committee of the Township of Woodbridge, State of New Jersey, that this application of the Atlantic Refining Company be allowed and permitted;

Yours very truly,

February 14th, 1934.

Township Zoning Comm. of Woodbridge, Woodbridge, N. J.

Gentlemen:

It has come to the attention of the property owners of Decker Place, Rowland Place and those owing property between Green Street & Grove Ave. on Amboy Ave.,

February 19th, 1934.

Contid. Petition referring to Gas Sta.

that the Township of Woodbridge is about to take over the property at the corner of Amboy Avenue and Grove Avenue on which the Orange Inn is located because of unpaid assessments and taxes.

It is further believed that it is the intent of the Township Committee to sell or lease that corner to a Company for the purpose of placing a gasolene station there-

The following signers petition your body not to grant such a request. It is our belief that the Zoning Ordinance provides that the property involved is classified as residential and should be maintained as such."

Mr. Wilson, Mr. Eugene S. Bird, Mr. John Hunt, Mr. C. F. Schrimpe, Mr. S. H. Wyld and Mr. Ferry spoke in opposition saying it would deteriorate the residential section in which they reside.

Mr. Andrew Lund spoke in favor of the Gas Station.

Lawyer Spencer representing the Atlantic Refining Company spoke in favor and presented the following Petition giving 38 names:-

To the Honorable Mayor and Township Committee of the Township of Woodbridge.

We, the undersigned residents and owners of property in the vicinity of lands located on St. Georges Avenue, between Decker Place and Grove Avenue, do hereby petition your honorable body to grant to the Atlantic Refining Company a permit to erect a building on said land to be used as what is commonly called a Gasoline Station; said lands now owned by Jay Venerus, said building so to be erected to take the place of the present structure now located thereon, and your petitioners will ever pray. Dated February 17th, 1934.

After much discussion a motion was made by Committeeman Gerns, seconded by Committeeman Spencer that the Committee reserve the decision for granting permit to the Atlantic Refining Company to locate a Gas Station at St. Georges Ave. between Grove Avenue and Decker Place.

Businessmens! Assn. re accidents RR Crossings

Woodbridge The following was received from the Woodbridge Businessmens! Association:-

To: The Township Committee in the Township of Woodbridge.

Gentlemen:

In view of the terrible and horrifying accidents within the last few weeks occuring at grade crossings within our Township, The Woodbridge Township Businessmens' Association, feels it is high time that givorous action be taken to eliminate all danger of a recurrence of these accidents. Clearly, the crossings are hazardous and unquestionably they impede traffic. The many deaths bring forcibly to attention the grave danger, but we must remember the in-

numberable "close calls" which occur almost daily at some one of the grade crossings. These occur with such frequency that the public has come to consider the crossings as an inevitable but deplorable phase of township existence. Broken railroad gates cause no further comment than, that someone went through the gates again. When three lives are snuffed out in the course of a month however, it is high time that we realize our right is first, and our lives are more important than monetary disadvantage. We petition you gentlemen, that you do everything within your personal and official capacity to expedite and further the elimination of grade crossings withing our boundaries.

Very truly yours,

Woodbridge Township Businessmens' Association.

(Signed) Maxwell Logan, President Ruth Wolk, Secretary.

from State Auditor re approval of application under provisions of

of 1934

Mr. Leon E. McElroy, Attorney, Chapter 24, Law Township of Woodbridge, \_\_Woodbridge, N. J.

My dear Mr. McElroy:

This will acknowledge receipt of yours of the 15th inst. askiing if application is made under the provisions of Chapter 24, Laws of 1934 the approval of the Commissioner is not in any sense mandatory. In other words he may approve or disapprove as he sees fit and in either case it is final. While the act does not explicitly provide that the State Auditor shall take into consideration act does not explicitly provide that the State Augitor shall take into consideration all of the circumstances and conditions surrounding the application, it is necessary to take into account the past history as well as the present condition of the municipality for which the application is made. In the case of the Township of Woodbridge the present situation and the history for several years past are such that to say the least I would be reluctant to entertain any application from that Township under the provisions of Chapter 24, Laws of 1934.

The sooner the Township of Woodbridge proceeds to rectify past errors the better off the Township of Woodbridge itself and all of the taxpayers therein will be. I do not consider that at this time deferring the accumulated charges is a step in this direction.

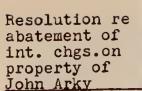

Yours very truly,

(Signed) Walter R. Darby, State Auditor.

E.R.& Civil Works Admin. re relief expenditures 1934

Communication The following communication was received from

STATE OF NEW JERSEY COUNTY OF MIDDLESEX Emergency Relief and Civil Works Administrations

March 28, 1934.

To: The Mayor and Township Committee Township of Woodbridge.

At the request of the State Emergency Relief Administration, we are anxioux to ascertain to what extent your municipality intends to participate in relief expenditures during 1934.

Although your budget, in all probability, has been closed and submitted to the Commissioner of Municipal Accounts, other methods could be utilized in relief participation, for instance, the passage of a resolution authorizing the issuance of emergency bonds or notes for the amount which the State feels your municipality should expend. Inasmuch as the bonds or notes could be spread over a five year period, it would not be necessary to include the whole item in any one years! budget.

In many cases, certain N. J. municipalities, in their desire to participate in relief expenditures, are sponsoring benefits of various kinds in order that there might be a possibility of realizing the participation amount. Inasmuch as some counties of this State will be cooperating 100% with the E.R.A. under a modified A. Grant basis, you can readily appreciate that Middlesex County is anxious to indicate its desire and willingness to be considered in the same category as other New Jersey Counties who are so participating. It would be greatly appreciated if your municipality would indicate in what way it can participate, in order that we may report to the State Administration just what can be expected from our municipalities.

With great appreciation for your prompt attention to this matter and assuring you of the willingness of this office to be of every service in connection with any effort that you may make to participate up to the requested amount, I am

Petition re to naming of the three sections of our new park To the Township Committee of the Township of Woodbridge, N. J.

## Gentlemen:

We, the undersigned citizens of Italian blood, respectfully petition you to cause a full search of the records to be made before finally sanctioning the naming and dedicating of the three sections of our new park to the end that such naming and dedicating may be done in accordance with the true facts and that such honor be not taken from the name of the very first of our boys to give his life in the service of his country during the World War.

It is altogether fitting that the park sections be named in honor of the first three Township boys who died on the field of battle during the last war. We are sensible of the fact that so fine an idea should not be marred by petty bickering since all who paid the supreme sacrifice are entitled to equal reverence and honor. Still the plan calls for the names of the first three to fall. Our information after thorough investigation shows that Anthony Coppola, a resident in his lifetime of Port heading and a member of the 3d Division, A. E. F., 30th Regiment, 1st Battalion, Company "C" was wounded at Chateau Thierry, July 14, 1918, and died of his wounds July 21, 1918

We would have you know that we are actuated by a strong sense of justice and a deep hurt. The citizens of Italian blood in this Township

Cont'd. Peti- have ever been good citizens. The call to arms was made without discrimination. tion re naming Our people met their obligations unflinchingly and without stint. They fought and died for this their country. Anthony Coppola was the first to give his life's blood for the principles of democracy. He has paid the price and is but a memory, a very dear and sacred memory to us. That memory is a symbol of our position in this country. In consequence, we feel it incumbent upon us to prevent if possible what may be a mistake on the part of the majority of you die to mistake mention what may be a mistake on the part of the majority of you die to misinformation.

> There are men, however, in your official family, in the person of the Mayor and Township Attorney who know these facts. Each has headed the local Legion Post and each must know that his Post was originally named the Anthony Coppola Post. Its name was changed for reasons never explained to us. That these men and the other members of the legion who actually saw service at the fron of battle should sit idly by and permit Anthony Coppola's name to be omitted from a list of the first three to fall fills us with sorrow and convinces us that Italians generally and Anthony Coppola, of happy and sacred memory, in particular, are being discriminated against.

> Hence, worthy sirs, at the risk of being accused of exercising poor taste, we fell impelled to call to your attention the memory of our brother, Anthony Coppola, and to ask you to sanction finally this fine project of naming the park sections after fallen heroes, only after giving the name of Anthony Coppola its just place as the first to fall.

> > Respectfully submitted,

(Signed by 263 signers)

To the

Mayor and Committeeman Woodbridge Township Woodbridge, New Jersey.

Gentlemen: -

We are enclosing herewith a copy of our letter dated June 6th to Mr. Hugh W. Kelly, Editor and Publisher of the Woodbridge Independent, which is self-explanatory

We have previously advised Mr. Kelly that to persist in his offer to publish absolutely free of charge the complete list of property to be sold for delinquent taxes, would be a violation of the Code of Fair Competition for the Graphic Arts Industry. In justice to Mr. Kelly and in view of his patriotic and conscientious effort for the good people of your community, we secured an official interpretation on our ruling to the effect that Mr. Kelly's offer was a violation of the Code. have requested Mr. Kelly to communicate with you and to withdraw his offer due to it being a violation. I have not as yet received definite assurance that same will be done.

We appreciate what this means to the Township and tax payers but we likewise feel that you, knowing the circumstances and knowing now that this is a distinct violation, will agree with us that it is much better to have Mr. Kelly withdraw his offer.

> Very truly yours (Signed) J. K. Kilcarr Trade Practice Compliance Officer.

Wdge Independent re publishing tax sale.

Communication The following communication was received from the Woodbridge Independent, Woodbridge, Wage Independent

June 21, 1934.

To the

Mayor and Committeeman of Woodbridge Township Woodbridge, New Jersey.

Gentlemen:

Persistent interference from the NRA impels us to withdraw our recent proposition to publish your list of tax delinquents, free of charge. Not that we fear the NRA, or its ridiculous ruling in this instance, as we have written them; but we do fear the possible expense of defending ourselves, in event of their arbitrarily imposing a penalty, of some sort, and do not feel called upon to assume so great a financial burden.

Your official acceptance of our offer, however, despite a possible feeling that we were unfriendly, proved your definite interest in a saving to the taxpayers and, on account of this action, we hereby acknowledge your undeniable good faith, furthermore, we feel that, since copies of the rulings of the so-called Code Authority were mailed to you direct, we would not wish to cause you the slightest

Cont'd. communi-cation Wdge Independent re publishing tax sale

embarrassment.

So, in spite of our solemn conviction that the NRA command, to you and to us, is entirely unwarranted, irrational and altogether at variance with universal conceptions of what the New Deal is supposed to stand for, we have most reluctantly reached the conclusion above referred to.

Thus, responsibility for the consequent loss to our taxpayers, voters, rent-payers and citizens of the Township generally, is chargeable solely to the NRA. Not to you and not to us.

> Yours most respectfully, (Signed) Hugh W. Kelly

Communication The following communication was received:-

STATE OF NEW JERSEY Emergency Relief Administration Middlesex County

Perth Amboy. N. J. December 7th, 1934.

Office of Executive County Director.

To the Mayor and Council of the Township of Woodbridge N. J.

Dear Sirs,-

Under date of Tuesday. December 4th, an article appeared in the Perth Amboy Evening News, in which mention was made of the Relief Requirements of the State from the Municipality towards the estimated Relief expenses for 1935. The article would indicate that your Municipality might not include the \$22,000, in the 1935 Budget.

I, also, note that insofar as passing the December Resolution was concerned, the Township Committee was divided by a four to three vote in favor of the Resolution. It would appear to this Administration that the Township Committeemen who "pass" on the vote are, perhaps, not entirely familiar with the situation or the local requirements before funds can be made available through grants to this Administration for use in Woodbridge.

I feel, therefore, that it might be well if I could be permitted an opportunity to meet with your Township Committee and discuss Relief matters with them.

I greatly appreciate your co-operation, but feel that a conference would result to our mutual advantage.

Very respectfully yours
(Signed) P. M. Geronimo,
Executive County Director,
Emergency Relief Administration.

The following Petition, carrying 26 names, was presented by Dr. Derrick:-

We, the undersigned citizens of Sewaren, Woodbridge Township, Middlesex County, New Jersey, protest against any change being made in the Zoning Ordinance of our Township.

We recognize that the entrance of plants of any kind into the residential sections of our community will soon reduce the value of our home to that of the land they occupy.

We recognize that available light and heavy manufacturing areas exist to care for our needs for years to come and insist that these designated areas be utilized as originally planned.

We specifically insist that no plants or business of any kind be allowed to enter Sewaren without full publicity as demanded by law.

We condemn the procedure followed by our Township Committee regarding the mysterious plant or business that is requesting the modification of our Zoning Ordinance.

The following letter was presented by Mr. H. D. Clark with ten signatures:-

Woodbridge, N. J. January 7, 1935.

To the Honorable Mayor and members of the Township Committee Woodbridge. New Jersey.

Gentlemen:

The undersigned property owners and taxpayers of the Township of Woodbridge urge you not to make any changes in the

Cont'd Ordinance taken up on second reading and hearing.

Zoning Ordinance which will open up property in Sewaren now zoned for light industries to permit heavy industry for the following reasons:

- The Zoning Ordinance was carefully drawn by experts after an exhaustive study and at great cost to the Township and re-1. presents a well conceived plan for complete industrial development.
- The Ordinance provides amply opportunity for heavy industry 2. in the zones designated for that purpose.
- If the area in question is changed to allow heavy industry 3. only a narrow strip of land is left between heavy industry and residential property of the very highest type.
- Many families living within a short distance of the property in question have invested their entire savings in homes and are entitled to protection against having heavy industrial plants erected any nearer than is now zoned, as there is no restriction whatever on the type of plant which may be erected in a heavy industrial zone.
- The values of residential property in Sewaren and especially 5. property south of Woodbridge Avenue will suffer very serious depreciation if additional lands are zoned for heavy industry.

We appeal to you as officials elected to safeguard the rights of the taxpayers and residents of Woodbridge, to maintain the Zoning Ordinance in the form in which it was originally approved and so protect our property against damage.

> Respectfully submitted, (signatures attached)

March 1, 1935.

COMPANY: Pennsylvania Railroad NATURE: Speed Control of Trains

PLACE : Woodbridge

REMARKS:

Referring to the petitions submitted to the Board at the hearing February 26th at Trenton, in connection with the investigation of an accident involving collision of passenger train No. 711, westbouns, on the Perth Amboy-Woodbridge branch of the Pennsylvania Railroad, February 21st, and a gasoline truck and trailer at Green Street, Woodbridge, requesting a reduction of train speed; this matter was the subject of conference with the General Manager of the Railroad Company at the request of the Board. The situation was considered with respect to the present maximum train speed of sixty-five miles per hour; heavy travel over the crossing, and the use of the crossing by gasoline trucks on account of the proximity of a gasoline loading plant. The Company issued an order to reduce the speed of all trains passing through Woodbridge to thirty miles per hour, effective as of this date.

I am of the opinon that the reduced speed to thirty miles per hour, representing a reduction of thirty-five miles per hour, can be considered a reasonable safe precaution under the circumstances, in view of the conditions relative to train movements.

Avenel, N. J. March 25, 1935.

Woodbridge Township Committee, Woodbridge, New Jersey.

Gentlemen:-

Do you intend to send your children or those of others to a school where they would be forced to acquire and education at the very risk of their young lives - because of a political difference amongst yourselves? The very idea is perposterous and unbelievable.

At the present time a celluloid firm intends to open a plant on Inman Avenue, within one block of the Avenel School for the purpose of washing celluloid, an extremely dangerous operation because of the constant possibility of an explosion.

Therefore, the members of the Avenel Republican Club, as citizens and parents of children attending the Avenel School, unanimously request you, the Township Committee to do everything

April 1st, 1935.

Cont'd communication re Celluloid Plant in your power to prevent the said firm from locating here. Our only hope lies, we believe, in the immediate adoption of the Fire Ordinance.

Therefore, we urge you members of the Committee who are opposed to the adoption of the Ordinance to forget political differences, to think of both your beloved children and ours, to reconsider and vote in favor of the said Fire Ordinance, so that, among other benefits that will be derived, the continued safety of all children attending the Avenel School may also be insured.

Thanking you, we remain

Avenel Republican Club.

After much discussion, motion made by Committeeman Hassey, seconded by Committeeman Foerch, the matter of the Celluloid Plant was referred to the Third Ward Committeemen, Building Inspector, Township Attorney and the Health Officer, who will investigate and if they find dangerous conditions existing, they be authorized to stop Plant operation at once, also, make report at next meeting.

Township Attorney re sewage flowing in Raritan River.

Communication The following communication was received from the Township Attorney:-

April 5, 1935.

Township Committee Township of Woodbridge New Jersey

Gentlemen:

This is to advise you that Vice-Chancellor Buchanan in the Court of Chancery on April 2nd signed a final decree affecting all the municipalities along the Raritan River including the Township of Woodbridge commanding and enjoining them to cease forthwith the pollution of the water of Raritan Lake, a tributary of the Raritan River, by permitting and allowing raw domestic sewage to flow therein from its sewer lines and by permitting and allowing partially treated sewage to flow therein from its outfall sewer lines leading from its sewage treatment plants and to make such disposition of its sewage as shall be approved by the State Board of Health.

These cases have been decided against all the municipalities as a result of legislation sponsoring a survey to ascertain whether waters of the Raritan River were polluted in such manner as to cause or threaten injury to any of the inhabitants of this State either in health, comfort or property and to prepare a comprehensive plan for the purification of said river..

I have been advised that there will be an additional appropriation of funds from the Public Works Administration in which event it will be possinle for the various municipalities to finance the construction of disposal plants by energetic efforts to obtain PWA loans and grants. The entry of the Chancery order will be helpful to the various municipalities in procuring PWA funds to install such plants.

I would suggest that the Township Committee make an investigation as to the feasibility at this time of securing a PWA grant for a disposal plant on the Raritan River.

> Yours very truly, (Signed) Leon E. McElroy Township Attorney

Your Petitioners, whose names are hereunto subscribed say that: Whereas your Honorable Body deemed it in your wisdom to exclude Smith and Meinzer Streets in Avenel from heavy traffic, and

WHEREAS, we understand that interested parties are seeking to amend the traffic ordinance altering the use of the said streets in order to permit heavy traffic, and

THEREFORE, WE REQUEST your Honorable Body to sustain the Traffic Ordinance with respect to the aforementioned streets and continue the same in its present status, restricting the said streets to light traffic only.

Communication Middlesex Concrete Products & Exc. re re slag, also letter from Dosch-King Company

The following communication was received:-

MIDDLESEX CONCRETE PRODUCTS & EXCAVATING CORP.

Woodbridge, N. J.

August 27, 1935.

Township Committee of Woodbridge, Woodbridge, N. J.

Gentlemen:

We have been furnishing, delivering, and applying a special rapid curing asphalt on the streets of Woodbridge Township in truckload quantities as ordered from time to time for the price of twelve cents per gallon.

But in conjunction with this asphalt offer, we agreed to supply the Township with a fine granular slag at an exceptionally low price, which, if taken into consideration, will prove that this Township actually received the most value by combining this special rapid curing asphalt with the find granular slag on the street improvements.

The cost of this special rapid curing asphalt, cost of trucking same, cost of its application, together with the added expense of delays and lost time, permits us but a small margin of profit which amounts to approximately three quarters to one cent per gallon.

We have been accepting Woodbridge Township bonds in payment for these materials, although these bonds do not mature until next year.

As a taxpayer of this Township for the past twenty years, we know that this Township has most certainly benefited on the recent street improvements through local enterprise, and it is the desire of this Company to work for the best interests of Woodbridge Township at all times.

> Respectfully submitted, MIDDLESEX CONCRETE PRODUCTS & EXCAVATING CORP. (Signed ) A. J. Neiss, President.

Committeeman Foerch asked if this letter was sent in because the matter of cheaper oil was brought up at the last meeting. This material will conform with the New Jersey State Highway Specifications covering this grade of asphalt.

> Very truly yours, DOSCH KING COMPANY INC. (Signed) Joseph P. Dosch.

Committeeman Spencer suggested that if Dosch King Company could furnish the Township with the same grade R.C.O. Oil, as the Township was now getting, it should be given a chance to prove it.

After much discussion it was agreed that a sample of oil from Dosch King Company be received and the same, if proven satisfactory, be ordered from Kosch King Co.

Petition re streets of Keasbey.

The following petition, carrying 33 names, was received:-

WE, the undersigned residents of Copernic Avenue and St. Stephen's Avenue do hereby petition that our Streets undergo repairs immediately.

One time our roads were below the level of the sidewalk, but the National Fireproofing Co. dug out their clay bank adjoining Copernick Avenue and the heavy trucks running over the road ruined it, so they kept filling it in with bro en hollow tile, so the road now is from 18" to 2' above the manhole covers of the sewer; and higher than the sidewalk by about 14", so that after every rain our cellars are flooded with water, as it flows into our property, because it had nowhere to go.

Also, the National Fireproofing Co. dug their clay bank so close to Copernick Avenue that the road is beginning to cave in, and is very dangerous for the children playing in the vicinity, as well as for cars at night, as there are no lights in the vicinity of the cave in.

Motion made by Committeeman Alexander, seconded by Comitteeman Hassey, the Clerk was instructed to write the National Fireproofing Company with reference to their clay bank adjoining Copernic Avenue and refer petition to Committee of Public Works.

Petition re Avenel Street Grade Crossing P.R.R.

The following Petition, carrying 200 names was received:-

TO THE HONORABLE MAYOR AND COUNCIL OF THE TOWNSHIP OF WOODBRIDGE: -

IN THE MATTER OF the construction of an undergrade crossing at Avenel Street, in the Village of Avenel;

Your petitioners, whose names are hereunder subscribed, respectively say that:-

We are citizens and are inhabitants of the Village of Avenel in the Township of Woodbridge, comprising a population of about 2500, and are, indeed, grateful for the services rendered by our Township Committee in bringing about the institution of the elimination of a grade crossing for public safety, which was ever a great hazard, and we are satisfied that the elimination will remove all dangers incidental to the use of the railroad in the present state.

However, the Pennsylvania Railroad Company has designed to construct an underpass about eighteen feet below the present grade of Avenel Street, destined to uncessarily impair the usefulness of Avenel Street at a place which has become the most important thoroughfare and shopping center of Avenel, representing a growth and development of about a hundred years.

We contend that it is practicable for the railroad company to maintain the present grade of Avenel Street and sufficiently elevate the tracks and structures over Avenel breet to permit an adequate clearance for highway traffic. Such a construction will least injure adjacent properties and the relative costs of an overhead crossing will be justified because it will be less than the loss of values which will be sustained by depreciation and detriment to the community as a proximate and direct result of an undergrade crossing.

We, therefore, request our Township Committee to apply to the Board of Public Utility Commission of New Jersey, to promptly consider an overhead railroad bed, simultaneously with the present plans, because our proposal is possible and reasonably practical, but without delaying for a moment the projects now under way.

Motion made by Committeeman Nier, seconded by Committeeman Foerch, petition be referred to the Township Attorney to be presented when a hearing is set before the Public Utility Commissioners.

> TO THE HONORABLE MAYOR AND COUNCIL OF THE TOWNSHIP OF WOODBRIDGE:

WHEREAS, the Pennsylvania Railroad Company did propose certain plans designed to eliminate its crossing at Avenel Street, Avenel, by depressing said Avenel Street to a depth of about eighteen feet; and

WHEREAS, it is obvious, from information and belief, that another plan designed to eliminate the railroad crossing at Avenel Street by raising the tracks and leaving Avenel Street undisturbed will not be accepted by the railroad company; and

WHEREAS, the present proposed plans of the Pennsylvania Railroad Company will be a disadvantage and a detriment to the best interests of the people of Avenel; and

WHEREAS, the present proposed construction will unnecessarily impair the usefulness of Avenel treet at a place which has become the most important thoroughfare and shopping center of Avenel, representing a growth and development of about a hundred years, by rendering Avenel Street in part a dead end; and

WHEREAS, it is not convincing that the elimination as under the plans proposed will remove all dangers incidental to the use of the Pennsylvania Railroad; and

WHEREAS, it has been ascertained on the 26th day of November, 1935, at an informal conference with the Board of Public Utility Commission that the Avenel project for the elimination of its railroad crossing is entirely separate and apart from all the other projects of elimination of railroad crossings in our Township;

Cont'd. resolutions received re Avenel Grade Crossing.

NOW, THEREFORE, BE IT RESOLVED, that the present proposition of the Pennsylvania Railroad to construct an underpass by depressing Avenel Street is opposed and is rejected; and

BE IT FURTHER RESOLVED, that a demand be made upon the Board of Public Utility Commission of New Jersey to promptly consider an overhead railroad crossing with prompt dispatch, simultaneously changing and altering the present plans; and

May 16, 1936.

Mr. L .E. McElroy 115 Main Street, Woodbridge, N. J.

Dear Mr. McElroy:

As a result of the several recent conferences which I have had with you and the Township officials regarding the entire refunding program for Woodbridge, for the past week I have been giving the matter detailed study. I have had several conferences with H. V. Reilly & Co. and Reed, Hoyt and Washburn, and have carefully gone over the data presented by the Consultant Service of the National Municipal League.

I know you are anxious to reach a definite agreement in this matter and I am doing my best to hurry the matter along. However, there are several important points under consideration which should be definitely decided, if possible, before any formal agreement is made. I can say, however, that things look more favorable to me now than at any time during our discussions over the past months.

Please feel free to contact me at any time on anything concerning this refunding. In the meantime, I am explaining this situation to various bond and note holders who show signs of becoming restless, and I am attempting to keep them satisfied with the status quo for a while longer.

Yours very truly,

June 1st, 1936.

Mr. L. E. McElroy, 115 Main Street, Woodbridge, N. J.

Dear Mr. McElroy:

During the past week I have had several conferences with representatives of the State Sinking Fund and H. V. Reilly & Co. regarding the details of the exchange to be made by the Sinking Fund. I find that final arrangements have not been settled I have been concerned that any final arrangements between the Town and the Sinking Fund not be such that it would make the rest of the refunding either too difficult or impossible for a banking group to complete. I feel that Mr. Reilly has brought matters to the point where a satisfactory arrangement can be worked out with the Sinking Fund. As soon as this is done, I should be in a position to definitely discuss with you and the financial officers of the Township final details of the balance of the refunding.

Yours very truly,

(Signed) J. A. Rippel
